

Celigo **Advanced** Platform Workshops

Level up your integration and automation skills with our Advanced training course.

Join us for a 20-Hour (2 Hours/Day) training course. The curriculum starts with fundamentals and continues through advanced topics, enabling participants to progress through all four levels of Celigo Certification quickly.

- Small classes
- Virtual, live, instructor-led
- Hands-on Labs
- Q&A with Celigo experts
- Engage with and learn from other participants
